PRECISION COMPOUNDS

Product Information Package

Kava Extract 30%

The enclosed information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this package is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Chemesis shall not be held liable for any damage resulting from handling or from contact with the above product.

ALLERGEN STATEMENT

Product Name: Kava Extract 30%

MAJOR FOOD ALLERGENS	PRESENCE
Bee Pollen and product thereof	No
Celery and products thereof.	No
Lupin and products thereof.	No
Mustard and products thereof.	No
Sesame seeds and products thereof.	No
Sulfur dioxide and Sulphites.	No
Tartrazine and products thereof.	No
Crustaceans, Molluscs, and products thereof.	No
Eggs and products thereof.	No
Fish and products thereof.	No
Peanuts and products thereof.	No
Milk and products thereof (including lactose)	No
Cereals containing gluten, namely: wheat (such as spelt and khorasan wheat), rye, barley, oats or their hybridized strains, and products thereof.	No
Soybeans and products thereof. Except: Vegetable oil derived phytosterols and phytosterol esters from soybean sources; plant stanol ester produced from vegetable oil sterols from soybean sources, not considered as major allergens.	No
Nuts, and products thereof. (Almonds, Hazelnuts, Walnuts, Cashews, Pecan nuts, Hickory nut, Brazil nuts, Pistachio nuts, Macadamia nuts and Queensland nuts, Beech nut, Butternut, Chestnut, Chinquapin, Coconut, Ginkgo nut, Litchee nut, Pine / pinon nut, Sheanut, Pili nut).	No

MANUFACTURE FLOW CHART

Product Name: Kava Extract 30%

COMPOSITION STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product contains 60-70% Kava Extract, with the balance (30-40%) consisting of Maltodextrin and Starch (typically 15-20% each). The extract is standardized to contain NLT 30% total kavalactones.

GLUTEN FREE STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product is Gluten Free.

NON-GMO STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product; (1) Has not been subject to, or derived from, any technique of genetic modification. (2) Has not used ingredients during preparation or manufacturing that are derived from genetic modification.

COUNTRY OF ORIGIN

Product Name: Kava Extract 30%

We hereby confirm that the country of origin of the crude raw material for the above mentioned product is Vanuatu / Fiji.

PRODUCT TARIFF CODE

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product has a H.T.S. Code of 1302.19.4140.

SOLVENT STATEMENT

Product Name: Kava Extract 30%

The following solvent(s) have been used during the manufacturing/processing of the above product:

SOLVENT TYPE	Maximum Residue (ppm)
CO2	n/a

BSE/TSE STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product is BSE/TSE Free.

FOOD GRADE STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product; (1) Complies with general principles of food law defined in the US Federal Food Drug and Cosmetic Act. (2) Has been produced under hygiene standards in accordance to cGMP.

IRRADIATION & ETO FREE STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product is free of irradiation and is not ETO treated.

VEGAN/VEGETARIAN STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above mentioned product is suitable for vegans and vegetarians.

STERILIZATION STATEMENT

Product Name: Kava Extract 30%

We hereby confirm that the above-mentioned product has been produced in a controlled process where all the equipment are sterilized. No extra sterilization process is needed.

SAFETY DATA SHEET

Section 1: Identification

Product Name: Kava Extract 30%

Other means of identification

Substance Name	Kava root extract, kavalactone standardized
Botanical Source	Piper methysticum G. Forst., root
CAS Number	9000-38-8 (kava-kava resin / extract)
Standardization	NLT 30% total kavalactones
Carriers	Maltodextrin and starch
Recommended use	Bulk ingredient for functional food, beverage, and dietary-supplement manufacturing.
Supplier Name	Chemesis
Website	www.chemesis.com

Section 2: Hazard(s) Identification

Note The toxicological properties have not been thoroughly investigated. Exercise due care. Some kava preparations have been associated with rare hepatic adverse events.

Physical hazards	Not classified
Health hazards	Not classified
OSHA hazard(s)	Not classified
Hazard symbol	No symbol
Signal word	Not available
Hazard statement	Not available

Precautionary

Prevention Keep away from heat/sparks/open flames. Avoid breathing dust. Wear protective gloves, clothing and eye protection. Wash hands after handling.

Response If swallowed, rinse mouth and seek medical advice if you feel unwell. Do not induce vomiting unless directed by medical personnel.

Storage See Section 7

Disposal See Section 13

Section 3: Composition/information on ingredients

Component name	Claimed chemical(s)	Molecular formula	CAS-No.
Kava Extract	Kavalactones (mixture)	N/A	N/A
Maltodextrin	Maltodextrin	(C ₆ H ₁₀ O ₅) _n	9050-36-6
Starch	Starch	(C ₆ H ₁₀ O ₅) _n	9005-25-8

Section 4: First-aid measures

Inhalation If inhaled remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Get immediate medical attention.

Skin contact In case of skin contact, immediately wash skin with soap and plenty of water. Remove contaminated clothing. Get medical attention if symptoms occur. Wash clothing before reuse.

Eye exposure In case of contact with eyes, hold eyelids apart and flush eyes with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 20 minutes. Have eyes examined and tested by medical personnel.

Ingestion If swallowed, wash out mouth with water provided person is conscious. Never give anything by mouth to an unconscious person. Get medical attention. Do NOT induce vomiting unless directed to do so by medical personnel.

Most important symptoms/effects, acute and delayed As described in Section 2 & Section 11

Section 5: Fire-fighting measures

Flash point No data available

Explosive limits No data available

Autoignition point No data available

Suitable extinguishing media Water spray, carbon dioxide, dry chemical powder, or appropriate foam

Unsuitable extinguishing media Unknown

Specific hazards No unusual fire or explosion hazards noted

Protective equipment/Fire-fighting As in any fire, wear self-contained breathing apparatus pressure-demand (MSHA/NIOSH approved or equivalent), and full protective gear to prevent contact with skin and eyes

Section 6: Accidental release measures

Personal precautions See Section 2

Methods and materials for containment and clean up Wear a NIOSH/MSHA approved self-contained breathing apparatus and appropriate personal protection (rubber boots, safety goggles, and heavy rubber gloves). Vacuum or sweep up material and place in disposal container. After removal, ventilate contaminated area and flush thoroughly with water.

Section 7: Handling and storage

Precautions for handling Avoid contact with eyes, skin and clothing. Avoid prolonged or repeated exposure. Do not reuse this container. Use with adequate ventilation. Wash thoroughly after handling.

Conditions for storage Store in tight, light-resistant containers, avoid exposure to direct sunlight, moisture and excessive heat.

Section 8: Exposure controls/personal protection

Biological limit values No biological exposure limits noted for the ingredient(s)

Exposure guidelines No exposure standards allocated

Appropriate engineering controls Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits.

Eye/face protection Safety glasses with side shields are recommended. Face shields or goggles may be required if splash potential exists. Maintain eye wash station in work area.

Skin protection Latex disposable gloves are recommended. Working cloth may be necessary for handling significant quantities.

Section 9: Physical and chemical properties

Physical state Solid

Appearance Yellow brown to yellow fine powder

Odor Characteristic odor

pH No data available

Melting point Not applicable (extract)

Boiling point No data available

Flash point No data available

Evaporation rate No data available

Flammability As shown if claimed in Section 2

Vapor pressure No data available

Vapor density No data available

Bulk density This is varied as claimed in COA

Solubility in water Partially soluble / dispersible

Other solubility Kavalactones are lipophilic; extract is standardized on a carrier

Autoignition point No data available

Decomposition temp No data available

Viscosity No data available

Section 10: Stability and reactivity

Reactivity No hazards known

Stability Shelf life time under described storage condition in Section 7

Hazardous reactions Unknown
Conditions to avoid Heat, light, moisture
Incompatible materials Strong oxidizing agents
Hazardous decomposition products Carbon dioxide / carbon monoxide

Section 11: Toxicological information

Likely routes of exposure

Skin contact May cause skin irritation. May be harmful if absorbed through the skin.

Eye contact May cause eye irritation.

Inhalation May be irritating to mucous membranes and upper respiratory tract.

Ingestion May cause drowsiness or relaxation at higher intakes. Kavalactones are the primary bioactives.

Acute toxicity Not classified. No LD50 established for this standardized extract.

Chronic toxicity Some kava preparations have been associated with rare hepatic adverse events. Follow applicable labeling and use limits.

Section 12: Ecological information

Ecotoxicity No data available

Degradability No data available

Bioaccumulative potential No data available

Other adverse effects No data available

Section 13: Disposal consideration

Disposal instruction Dispose in accordance with local, state and federal regulations.

Hazardous waste code Not applicable

Section 14: Transport information

DOT / IATA / IMDG Not regulated as a dangerous good for transport as the neat solid.

Other special transport Keep dry. Protect from light. Transport in tightly closed containers.

Section 15: Regulatory information

US EPA SARA Title III Not listed

US EPA CAA, CWA, TSCA Not listed

California Prop 65 Not listed (purchasers should independently verify current listing status).

DSL/NDSL Not listed

EEC-directives Not listed

WHMIS This product has been classified in accordance with the hazard criteria of the CPR, and the SDS contains all the information required by the CPR.

HMIS (USA) Health 1 / Fire 1 / Reactivity 0 / Personal Protection E

Section 16: Other information

Date of issue 09/20/2026

Revision Date n/a

Version # 1.0

Public references Vendor COA; USP botanical chapters; published kava extract literature
